Dear Sir,

Just a few lines to tell you how pleased I am with the new Vincent (Comet) which my brother has just bought recently. She is a smashing job. I, of course, ride pillion which I find most comfortable. One could ride around for ever without feeling the least bit tired or stiff as I have been on other machines, which I've been on. The way in which the Vincent holds the road gives one every confidence and absolute feeling of safety, which I reckon is about everything, which adds to the great enjoyment being on a machine. I thank you for building such a grand machine.

REPLYING TO OUR REQUEST FOR PERMISSION TO PUBLISH, MRS. REID EXTOLS AGAIN THE DELIGHTS OF PILLION RIDING ON THE VINCENT :
